

## **REMARKS**

Currently claims 1-37 are pending. Claims 2-7, 15-18, 21-33 and 35-37 are indicated as being allowed. Applicant thanks Examiner Williams for her courtesy in the indication of allowable subject matter.

Claims 1, 8-14, 19-20 and 34 are indicated as being rejected under 35 U.S.C. 112, second paragraph, as being incomplete for omitting essential structural cooperative relationships of elements, such omission amounting to a gap between the necessary structural connections.

Applicant has cancelled claims 1 and 34. Moreover, Applicant has amended claims 8-14 and 19 to be dependent upon allowable claim 2. As the amended claims 8-14 and 19 find dependence from allowable claim 2, Applicant respectfully asserts that claims 8-14 and 19, as amended, are in condition for allowance. Furthermore, Applicant respectfully asserts that claim 20, by virtue of its dependence from amended claim 19, is also in condition for allowance. Accordingly, Applicant respectfully asserts that all pending claims are in condition for allowance, and respectfully requests reconsideration of the claims and the entire application in view of the present arguments and amendments.

## **CONCLUSION**

Based on the preceding arguments, Applicant respectfully believes that all pending claims and the entire application meet the acceptance criteria for allowance and therefore requests favorable action. If the Examiner believes that anything further would be helpful to place the application in better condition for allowance, Applicant invites the Examiner to contact Applicant's representative at the telephone number listed below.

No additional fee is required for this amendment. However, the Commissioner is hereby authorized to charge payment of any fees due with this communication or credit any overpayment to Deposit Account No. 19-0513.

Date: May 8, 2006
